

Sealing Solutions & Machine Parts

Company Overview

• Introduction

Jinsung Sealtech was founded in 2006 based on Seal business. In the beginning, we started supplying seals for mainly the maintenance service market for factory facilities and heavy equipment. Currently we have expanded our sales to OEM and overseas markets such as Mongolia and Russia by supplying Sealing, Seal Kits, Special Metal, Machine Parts, and Attachment.

The founder of the company, Hyuntae Lee started working in the seal industry from 1997. While he provides the technical consulting for sealing as a sales person, he has been working close with the field engineers of both the customers and manufacturers. While working in the seal business for 20 years, he has handled seals from many renowned seal makers such as Parker, NOK, MPI, Simrit, and Guarnitec. Mr. Lee possess a profound understanding of American, Asian, and European seals and excellent seal application skills.

• Area of Service

Power Generation	Semiconductor
Construction Equipment	Chemical
Mobile Equipment	Defense
Agricultural Equipment	Food & Beverage
	Mining

• Suppliers

Sealing Solution & Machine Parts

Jinsung Sealtech

O-RINGS

AU, EU, EPDM, NBR, NR, CR, FEP/PFA, FEPM, FKM, FFKM, IIR, VMQ, FVMQ, PTFE & XNBR

Sealing Solution & Machine Parts

Jinsung Sealtech

HYDRAULIC SEALS

PISTON SEALS, ROD SEALS, WIPERS, GUIDE ELEMENTS & STATIC SEALS

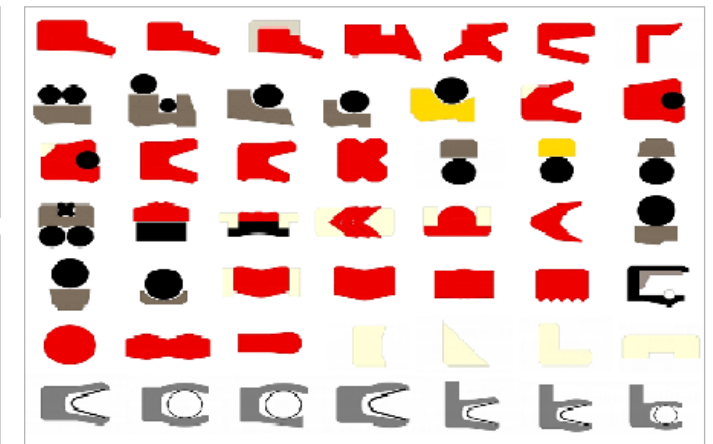

Sealing Solution & Machine Parts

Jinsung Sealtech

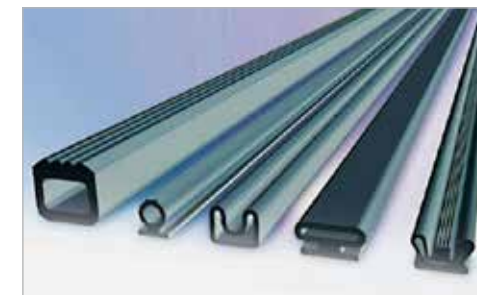

MACHINED SEALS

PTFE, ENGINEERING PLASTIC, POLYURETHANE, NBR, HNBR, EPDM, CR, FKM & MVQ

INFLATABLE SEALS

EPDM, CR & MVQ

METAL SEALS

304, 316, 321, 347, MONEL 400, ALLOY600, ALLOYX-750, ALLOY718, 17-4, C-276, ALLOY 625, HAYNES 25, HAYNES 188, RENE 41 & WASPALOY

Sealing Solution & Machine Parts

Jinsung Sealtech

MOLDED & MACHINED PARTS

POLYURETHANE, RUBBER & ENGINEERING PLASTIC

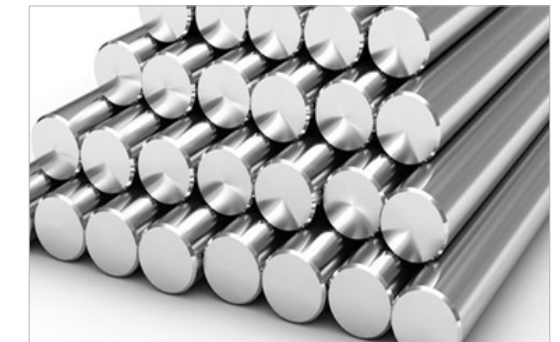

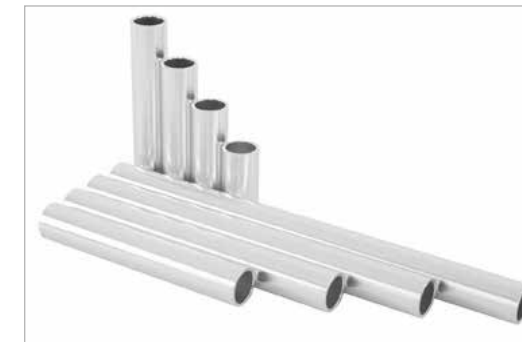

Sealing Solution & Machine Parts

Jinsung Sealtech

SPECIALTY METALS ON DEMAND

NICKEL AND NICKEL ALLOYS, HASTELLOY®, MONEL®, INCOLOY®, INCONEL®,
STAINLESS STEEL, DUPLEX STAINLESS STEEL & CARBON STEEL
